5.1 The successful tenderer will be required to raise bills towards conversion charges to Bundelkhand dugdh sangh on fortnightly basis, payment of which will be made within 15 days of their receipt.

5.2 Payment shall be made by Bundelkhand dugdh sangh through RTGS/NEFT. Bank charges towards the above shall be borne by the party itself.

6.0 GENERAL TERMS & CONDITIONS :

6.1 The acceptance of the offer and award of the work order shall be the sole right of the Chief Executive Officer, BkSDS who does not bind herself to accept any offer in whole or in part or reject any or all offers received without assigning any reasons and no explanation can be demanded of the cause of rejection of the offer by any of the tenderer. Financial Bid will be open only whose bidder Technical bid found ok.

6.2 Negligence on the part of the tenderer in submission of the offer confers no right to withdraw the offer after it has been opened. If the successful tenderer fails to accept milk and fails to make WMP/SMP/WB within the stipulated period mentioned in work order without any valid reason, then the order shall be treated as cancelled and EMD/SD/bills lying with BkSDS, Sagar would be forfeited and the firm may even be blacklisted, if situation warrants. In such case work may be allotted to L2 party in L1 rates (if rates L2 is higher than difference will be recovered from successful bidder.)

6.3 The submission of a tender by a party implies that the firm has read the notice and terms & conditions of tender and has himself fully aware of the scope and specifications of the work to be carried out.

- 6.4 Surplus quantity of the milk from the Bundelkhand Sahakari Dugdh Sangh, Sagar will be send to private party for conversion only when, the existing powder plant capacity of Gwalior and Indore Milk Unions are exhausted or in case of breakdown of existing allocated powder plant. The quantity for milk to be converted depends on the surplus volume of milk available for conversion only. No claim will be accepted in any case due to variation in the quantity of milk to be converted into SMP & WB.
- 6.5 The bidder must have minimum 100000 ltr. milk per day spare capacity for conversion. Milk union may provide milk 50000 LPD to 1 lack LPD depend often the surplus milk.
- 6.6 No person or firm is permitted to submit more than one offer under different names.
- 6.7 The firm shall not contract or assign (sublet) to any other party or parties the whole or any portions of the offer awarded by full form fixed and firmed.
- 6.8 Conversion plants will ensure hygienic and sanitary condition for storage of SMP and WB on plastic planks/pallets in clean and dry place away from sunlight. The place should be free from dust and pest/rodent environment. The deep freeze to be used for storage of WB should essentially fumigated prior to it's use.
- 6.9 Converted products SMP and WB will be lifted by Bundelkhand Sahakari Dugdh Sangh, Sagar in 30 days time from the conversion date. The extension of this period can be modified with mutual consent Bundelkhand Sahakari Dugdh Sangh, Sagar and conversion dairy plant.
- 6.10 The converter should offer the quantity to be converted by them on the daily basis to concern dairy plant.
- 6.11 In generally Bundelkhand dugdh sangh will send skimmed milk for conversion. In case of emergency whole milk may be send for SMP & WB conversion.

7.0 QUALITY CHECKS/PARAMETERS:

- 7.1 The successful tenderer shall have to carry out job in strict hygienic & sanitary environment conforming to the basic standards laid down under Food Safety & Standards Act 2006 and other rules and regulations prevalent. Violation of any clause of different Acts shall be the sole responsibility of the successful tenderer. The FSSAI license for WB and SMP is mandatory for all the bidders.
- 7.2 SMP shall have to be manufactured BIS marked and WB as per specifications and recovery norms of Fat and SNF as given in Schedule II of the tender document.
- 7.3 WB manufactured shall be stored in such a way that it should attain a temperature of -18°C. within 10 days from the date of manufacture. At the time of dispatch the body temperature of WB should be -18°C. For every 1°C increase in the temperature of WB will be penalized with Rs.0.05, per Kg.
- 7.4 The successful tenderer shall ensure the availability of all manufacturing and testing facilities at the factory premises and maintain them properly including their calibration and stamping at regular interval to ensure precision testing. Milk is to be tested using a long stem Lactometer at 27°C and formula to be followed for SNF% calculation shall as below :

(i) In whole milk

$$\text{SNF}\% = \frac{\text{CLR}}{4} + \text{Fat}\% \times 0.25 + 0.44$$

(ii) In skim milk

$$\text{SNF}\% = \frac{\text{CLR}}{4} + \text{Fat}\% \times 0.25 + 0.60$$

- 7.5 SMP be packed in quantities of 25 kg primarily in bags of food grade polyethylene (see IS 10171) of minimum thickness 0.05 mm. The bags should be properly closed by tying with a string or a rubber band and shall be subsequently encased in secondary outer packing in any of the following:
- a) Sacks conforming to IS 11824 and
 - b) Multi walled Kraft paper, such as crepe Kraft paper bags of not less than 80 GSM grade lined with Hessian cloth having a mass of 270 GSM and having two inner layers of plain Kraft paper of not less than 80 GSM.
- Incase packing material is provided by Bundelkhand Sahakari Dugdh Sangh, Sagar no losses in packing material will be accepted.
- 7.6 White Butter be packed in 20 Kg with food grade unprinted PVC liner in corrugated boxes made of 5 ply, each ply should be of 150 GSM with the box bursting strength of minimum 12 kg/sq.cm.
- 7.7 If packaging material is not provided by Bundelkhand Sahakari Dugdh Sangh, Sagar the successful tenderer/conversion plant will have to arrange for packing material as per the given specification and printing materials after securing approval of Bundelkhand Sahakari Dugdh Sangh, Sagar.
- 7.8 It will be the responsibility of the approved conversion plant to ensure unloading of milk of Bundelkhand Sahakari Dugdh Sangh, Sagar immediately on receipt and testing of milk within 3 hours. In case of inordinate delay in unloading of tanker, Bundelkhand Sahakari Dugdh Sangh, Sagar may impose penalty in lieu of disruption in working schedule and associated direct or indirect losses. Also, dugdh sangh may get return are forward milk tanker to any other conversion plant and extra conversion cost may be recovered from successful bidder.
- 7.9 Conversion plants will ensure the maximum limit of moisture% in WMP & SMP is as per the given specifications. Any increase in moisture%, the Bundelkhand Sahakari Dugdh Sangh, Sagar will impose prorata deductions on less SNF in SMP, which will be calculated on the basis of Rs. 320/- per kg SNF+ Rs. 100/- per kg SMP as penalty.
- The conversion plant will ensure to supply white butter Fat as per the given recovery norms in case of short receipt of white butter Fat, the Bundelkhand Sahakari Dugdh Sangh, Sagar will impose prorata recovery for the less quantity Fat received, which will be calculated on the basis of existing milk purchase rate as per kg fat + Rs. 100/- per kg W/B as panalty.
- 7.10 It will be responsibility and liability of conversion milk plants to ensure that SMP and WB manufactured & supplied to Bundelkhand Sahakari Dugdh Sangh, Sagar is of the same milk received from corresponding milk union. Conversion plant should ensure appropriate coding of batch nos. of SMP and WB and should keep record of corresponding raw material, i.e. name of source, quantity and quality report so that back tracing of sources of ingredients i.e. raw material used in particular batch should be available at the plant.
- 7.11 The authorized representative of Bundelkhand Sahakari Dugdh Sangh, Sagar shall inspect the premises in regard to sanitation and hygienic practices, conditions, records regarding the quality of raw milk, quality and manufacture of White Butter and SMP, packaging materials, packaging practices etc as may be directed by the authority.
- 7.12 Random testing of SMP and White Butter produced will have to be carried out by the Bundelkhand Sahakari Dugdh Sangh, Sagar in NABL accredited Labs and these result

should comply with the BIS standards and the specifications mentioned in Schedule 2. Random inspection will be done by BkSDS, Sagar Officers at allotted dairy powder plant if they found any deviation with respect to tender terms condition committee may propose to debar/blacklist the conversion plant.

- 7.13 The quality of product (SMP/White Butter) which is manufactured by bidder will be fully responsible regarding FSSAI/for sale quality/up to use by date.

8.0 INSPECTIONS :

- 8.1 All the SMP/WB produced are subject to inspection before acceptance. If they are rejected on quality grounds, then the party will have to manufacture SMP/WB from own resources and supply equivalent quantity of SMP/WB as per standards **or** the landed cost of milk supplied will be recoverable from the successful tenderer. Bundelkhand Sahakari Dugdh Sangh, Sagar inspection report in this regard shall be treated as FINAL.
- 8.2 An inspection of the works and factory of the successful tenderer shall be performed by a team of Dugdh Sangh officers & experts to ensure all the parameters, machinery, plant, equipments and requirements as per FSSAI's GMP & GHP provisions. In case of any discrepancy or shortcomings the work order will be cancelled, the EMD will be for forfeited & the firm will be black-listed.

9.0 QUALITY & TESTING VARIATION

- 9.1 In case of variation in quality, Fat and SNF the tenderer have to intimate immediately to CEO of Bundelkhand Sahakari Dugdh Sangh, Sagar Such type of issues shall be resolved after only written consent/approvals mutually, in due course.
- 9.2 In failure of clause 9.1 by conversion plant, the testing and quality report of milk supplying union (BkDS) will be final and binding.

10.0 TERMINATION OF CONTRACT:

- 10.1 If any act of commission or omission of conversion plant brings the Bundelkhand Sahakari Dugdh Sangh, Sagar to a situation of dispute, the Bundelkhand Sahakari Dugdh Sangh, Sagar shall be competent to debar/blacklist the conversion plant from further business and Security Deposit also shall be forfeited.

11.0 CONSEQUENCES OF BREACH OF AGREEMENT :

- 11.1 If the authorized person of the conversion plant or a partner in the contract/tendering firm commit breach of any of the conditions of agreement it shall be lawful for the CEO of BkDS to cancel the contract and recommend for forfeiture of the Security Deposit lying with BkSDS, Sagar.

12.0 DISPUTE ARBITRATION & FINAL AUTHORITY :

- 12.1 For matters of dispute relating to the interpretation of the above clauses, the decision of the CEO, Bundelkhand Sahakari Dugdh Sangh, Sagar shall be final and binding on all concerned.
- 12.2 In any case, if a dispute arises between the material/service provider and the milk union, the case can be presented to the Managing Director. MPCDF for resolution. In case of non-resolution, action can be taken as per the provisions of the Arbitration Act, 1996.
- 12.3 Place of jurisdiction shall be Sagar only.

13.0 AGREEMENT :-

13.1 Successful bidder shall do an agreement with milk union is Rs 1,000/- non-judicial stamp paper. The draft of agreement shall be provided by milk union to successful bidder.

Chief Executive Officer

SCHEDULE – II

Specifications of Whole Milk Powder, Skimmed Milk Powder and White Butter

A. Skimmed Milk Powder

Particulars	SMP
(i) BIS Specification	IS:13334 (Part 1)
(ii) Moisture % by mass max	3.5%
(iii) Total solids (milk solids) % by mass min.	96.5%
(iv) Total solids (milk solids) % by mass min.	Less than 1.25%
(v) Protein % by mass (As per FSSAI norms)	Not Less than 34%
(vi) Insolubility Index Max	1.5 ml
(vii) Total Ash (on dry basis, percent by mass max	8.2
(viii) Titratable acidity (lactic acid), percent by mass max	1.5
(x) It should be free from any neutralizer/adulterant	
(xi) Bacterial count not more than per gm.	50,000
(xii) Coliform count in 0.1 gm	Nil
(xiii) Shelf life	12 months

B) Pasteurized White Butter

- (i) Fat percent between 82% to 85%.
- (ii) Yeast and mould counts not more than 20 per gm.
- (iii) Titratable acidity 0.04% LA. max.
- (iv) Coliform not more than 5 per gm.
- (v) FFA not more than 0.3%
- (vi) BR reading at 40°C: 40-43
- (vii) RM value minimum – 28
- (viii) Beta- Sitosterol - Absent

The method of sampling and testing for butter shall be carried out as per the IS 3507 (1966).

**D) Fat and SNF recovery norms:
For Skim Milk Powder**

From Whole Milk		From Skimmed Milk
Fat Recovery	SNF Recovery	SNF Recovery
99% Milk Fat to Fat in WB.	SMP of 101.7% with 3.5% Moisture SNF to SMP	SMP of 101.7% with 3.5% Moisture SNF to SMP

Note: The product shall also conform to any other requirements under the BIS & (FSSAI) regulation 2011 as & when recommended.

SCHEDULE III

(To be submitted along with the offer online only)

: Form of General and Technical details of the tenderer:

A General Information:
